

# SPiSE 2009

## Food consumer insights in Asia: Current issues and Future

7-9 August, 2009, HoChiMinh City, Vietnam

### *INFORMATION FOR POSTER PRESENTERS*

#### **Poster Panel Size**

The usable area on each display board for one poster is 100cm wide and 190cm high.

#### **Poster Panel Allocation**

A panel number will be allocated for each poster (separate from the abstract number you have been assigned). Lists with the abstract number and the panel number for each poster will be available in the poster areas.

#### **General Guidelines For Poster Production**

- Posters should be fixed to boards with adhesive sticker only. The Secretariat will have some available for delegate use at the symposium.
- A poster should be self-contained and self-explanatory
- Size A0 or A0 plus
- Titles, captions, and illustrations should be designed to be viewed from a distance. Remember to caption your poster with the abstract title, authors' names and affiliations.
- Headings should be a minimum of 50 point size, whereas, 25 point size is suitable for text

**Tables will be available in front of the poster panels for material presentation**
